SCALE 1:600,000

### WILDERNESS AND NATIONAL MONUMENT

- Wilderness - Preserve essentially unmodified areas to provide opportunities for solitude and primitive recreation. Limit motorized access.
- Wilderness National Monument - Manage Monuments to provide opportunities for solitude and primitive recreation. Limit motorized access.
- Non-Wilderness National Monument - Facilitate the development of mineral resources in a manner compatible with the National Monument purposes.

### MOSTLY NATURAL SETTING

- LUD II - Maintain the wildland characteristics of these congressionally-designated unroaded areas. Permit fish and wildlife improvements and primitive recreation facilities.
- Old-Growth Habitat - Maintain old-growth forests in a natural or near-natural condition for wildlife and fish habitat.
- Research Natural Area - Manage areas for research and education and/or to maintain natural diversity on National Forest System lands.
- Wilderness Research Natural Area
- Wilderness National Monument Research Natural Area
- LUD II Research Natural Area
- Semi-Remote Recreation - Provide for recreation and tourism in natural-appearing settings where opportunities for solitude and self-reliance are moderate to high.
- Remote Recreation - Provide for recreation in remote natural settings outside Wilderness, where opportunities for solitude and self-reliance are high.
- Municipal Watershed - Manage municipal watersheds to meet State water quality standards for domestic water supply.
- Special Interest Area - Preserve areas with unique archaeological, historical, scenic, geological, botanical, or zoological values.
- Wilderness Special Interest Area
- Wilderness National Monument Special Interest Area
- LUD II Special Interest Area
- Wild, Scenic, or Recreational River - Maintain and enhance the outstandingly remarkable values of river segments which qualify the river to be classified as a Wild, Scenic, or Recreational River.
- Wilderness Wild, Scenic, or Recreational River
- Wilderness National Monument Wild, Scenic, or Recreational River
- LUD II Wild, Scenic, or Recreational River

### MODERATE DEVELOPMENT

- Modified Landscape - Provide for natural-appearing landscapes while allowing timber harvest.
- Scenic Viewshed - Maintain scenic quality in areas viewed from popular land and marine travel routes and recreation areas, while permitting timber harvest.
- Experimental Forest - Provide opportunities for forest practices research and demonstration.

### INTENSIVE DEVELOPMENT

- Timber Production - Manage the area for industrial wood production. Promote conditions favorable for the timber resource and for maximum long-term timber production.
- Minerals - Encourage mineral exploration and development of areas with high mineral potential.

Transportation and Utility Systems - Emphasize existing and potential major public transportation and utility systems. Until constructed, manage according to the other land use designation indicated.

- Existing Power Transmission Corridors
- Potential Power Transmission Corridors
- Existing State Road Corridors
- Proposed State Road Corridors
- Non-National Forest System Lands Within the Tongass Boundary
- Alaska Marine Highway

Complete descriptions of the above Land Use Designations are contained in the Tongass Land and Resource Management Plan (1997).
